Erin M. Goodrich, Town Clerk

December 12, 2025

2025-2028 LDSA

NYS DOT Region 3

Re: Brewerton Hamlet Northside Pedestrian Safety Project
Town of Hastings, Oswego County, New York

Region 3 LDSA Consultant:

The Town of Hastings seeks an "Expression of Interest" (EOI) for preparation of Transportation Alternatives Program (TAP) funding application services and the option to be selected for the preliminary, final design, right-of-way incidentals and acquisition, construction support services and construction inspection services related to sidewalk construction along US Route 11 and County Route 37 in Brewerton Hamlet.

The Town of Hastings, as project sponsor for the project, and in accordance with the NYS DOT Local Projects Manual, is soliciting an Expression of Interest (EOI) from selected firms on the NYS DOT Region 3 LDSA list. The Town of Hastings will then make a project specific selection based upon qualifications specific to the project and funding application. If the project is awarded funding, the selected consultant will be eligible to provide preliminary, final design, right-of-way incidentals and acquisition, construction support services and construction inspection services for this project.

Please respond via email to hastingsclerk@hastingsny.org on or before noon on January 25, 2025, if you are interested in being considered for this project. If we receive no response, we will assume no interest. No additional project specific information is requested or will be accepted. However, if any significant staff changes have occurred within your firm that could affect the staffing identified in your original LDSA submission, resumes for those individuals can be submitted.

Please note, if you respond as interested, you agree to the delivery requirements of the specific funding program.

Sincerely,

Tony Bush

Tony Bush
Supervisor, Town of Hastings
